LINGUARAMA LONDON

11TH FLOOR, NUMBER 20, FARRINGDON STREET – LONDON, EC4A 4AB

THE LONDON EXPERIENCE

Linguarama London gives participants the chance to develop their English skills through a wide range of intensive, tailored programmes. Our qualified and experienced trainers – many with professional business backgrounds – ensure training is practical, relevant, and effective. Courses are enhanced with carefully designed social activities that encourage participants to use English actively in real-life situations.

Our new, state-of-the-art centre on the 11th floor of 20 Farringdon Street, in the heart of London is an ideal location. With inspiring views stretching from St Paul's Cathedral to Westminster, our modern, spacious offices provide a comfortable environment for learning. The location combines history and innovation: within walking distance are Smithfield Market, the Old Bailey, and the magnificent St Paul's Cathedral, as well as a wealth of cafés, restaurants, and cultural attractions.

Our social programme is a key part of the learning experience. Each evening, a trainer accompanies participants to activities that showcase London's culture and history – from theatre trips, museums, and guided walking tours to cultural events and landmark visits. Lunchtime sessions with trainers and restaurant outings provide even more opportunities to practise English in authentic settings.

Accommodation is available with welcoming host families – a chance to experience everyday life in London – or in nearby hotels for those who prefer independence. At weekends, our team can recommend and arrange tickets for London's world-famous attractions, including theatre shows, football matches, and concerts.

Choosing London means more than just learning English – it's living the language in one of the world's most dynamic and inspiring cities.

HOMESTAY ACCOMMODATION

Our high quality, executive style homestays have been specially selected to provide a high standard of accommodation in a welcoming family environment. They provide half board during the week and full board at weekends. Most importantly, the family provides an ideal opportunity for the participants to have more practice using authentic language in authentic situations. We are also happy to recommend hotel accommodation within walking distance of the training centre.

The commitment and professionalism of the trainers is very high. They are different in their approach but each brings a different perspective, which is very positive. In addition, the food is excellent, the accommodation is very good and the social programme contributes significantly to the effective learning experience.
